Subject: Get the Poison Out of our River

Dear Portland Harbor Cleanup Public Comments,

Ms. McCarthy and Members of Congress,

The proposed cleanup of Portland Harbor is a big win for industry and a bad deal for the public. EPA's cleanup proposal tackles just 8% of a site area that is 100% toxic.

A more aggressive plan is needed to prevent even more harm to human health and the environment. On behalf of all people who rely on the river for food, recreation, employment, and culture, I urge the EPA to implement a plan that moves quickly to sustainably reduce contaminants causing harm to Willamette and Columbia River resources, includes ongoing monitoring and cleanup upriver and downriver from the site, contributes to healthy fish that are safe to eat for all people, and holds polluters accountable for creating a safer Portland Harbor.

These elements get us closer to the plan our communities deserve.

The environment is national security; pollution is treason.

Sincerely,
